Key Personnel

Simon Flint – Manager

Simon has extensive knowledge of the manufacturing industry with experience in Australia and in the UK. Simon joined the organisation in early 2000 as a factory Supervisor, later fulfilling the roles of Production Manager and Operations Manager, prior to being appointed Manager. Simon's previous employment includes time with a large UK based sheet metal pressings company. Simon holds a certificate III in Engineering and diploma of Project Management.

Benjamin Stock – Assistant Manager

Benjamin commenced his career at Metal Accessories as an apprentice back in 2003. He has since completed his Certificate III in Engineering and has occupied the roles of Tradesman, Factory Supervisor and currently holds the position of Assistant Manager. Benjamin also holds a diploma of Project Management.

Mark Knowles – Project Manager

Mark joined Metal Accessories back in 1989 where he completed his Certificate III in Engineering through an apprenticeship. Mark has a vast knowledge of the fabrication industry and has also spent time studying mechanical design and drafting prior to returning to Metal Accessories as Project Manager.

Christopher Ryan – Estimator

Christopher joined our team in 2008 as a cadet estimator. He has since completed his Certificate IV in Frontline Management whilst gaining valuable knowledge and experience within the industry. Christopher is now an influential member of our team and currently holds the position of Estimator.

Alison Austin – Contracts Administrator

Alison commenced employment with Metal Accessories in 2006 as an administration officer. Alison brought a wealth of administration experience and knowledge to the business. Through promotion Alison now holds the position of Contracts Administrator.
